

DUNTON GREEN NEWS

What's been going on this week at school!

YEAR 3 TRIP

Year 3 explored the wonderful River Darent as part of their topics on rivers for Geography. After an exciting train journey to Eynsford, the children were able to explore exciting features of the river and match it to their learning in the classroom. Despite some return transport issues, the children had a fantastic time. Huge thanks to Miss Corbett for organising the trip and to the parent helpers that attended with the class!

LUNCHTIMES

As you know, the school have been able to use the field during lunchtimes. This has really been enjoyed by the children especially when Mr Hulme said they could climb the trees! For us, children should be encouraged to do this safely and manage their own risk. There are lots of adults outside on duty to supervise should someone get stuck!

ONLINE SAFETY

Can we please urge all parents to have a look at what their children are up to on their mobile phones – particularly around who they are communicating with online. We can support you with blocking contacts and parental controls on any devices should you need some help! Children shouldn't have unsupervised access to this communication.

Message from Mrs Holliday

Another week closer to Christmas and the end of the term! No doubt, many children would have been waking up to a cheeky elf descending on them for the period of advent! Look out for a couple of cheeky elves at school too! We are looking much more festive this week with our Christmas trees and stars up around the classrooms and central spaces. We can't wait to share some of our Christmas festivities with you. Clubs for Terms 3 and 4 were sent out on Friday – we really have tried to include something for everyone!

Mrs Holliday
Head of School
