

# DUNTON GREEN NEWS

What's been going on this week at school!

## LEEDS CASTLE

Reception travelled to Leeds Castle on the bus as part of their learning for the term. It was a fantastic trip and one that the children thoroughly enjoyed. They got to dress-up, role-play and explore the castle grounds as part of the trip! Although, the best bit is always lunchtime. Thanks to Mrs Grainger and Miss Jones for taking the children and those parents that were able to go with them and support! We can't wait until our next trip!

## BRITISH MUSEUM

Year 4 travelled to the British Museum to continue their learning about Ancient Egypt and the Egyptians. They travelled up on the train excitedly and had the opportunity to look around the whole museum and explore the exhibitions that were available to them. It was a brilliant trip and the children really enjoyed themselves. They couldn't wait to share their knowledge with the school when they came back!

## Y6 HEART DISECTION

Alongside Sevenoaks School, Year 6 took part in a lung and heart dissection in their classroom. This was a fantastic opportunity to think about the parts and functions of these organs and do a dissection for real! It was a fantastic opportunity and one that the children really enjoyed! Thanks to Mrs O'Dwyer for organising.

## Message from Mrs Baker-Clarke

This term, we have had a focus on writing across the school, with teachers thinking carefully about the progression of writing and how we best teach children the skills they need to become better writers. For our Reception and Year 1 children, this will look very different to the rest of the school as we think about the early stages of writing. For Years 2-6 we will be thinking about skills progression and genres to ensure that there is a full exposure to great writing.
