

Year 1 — Term 4

English

In writing we will be learning skills that we can use to create a non-chronological report at the end of term.

Maths

In maths we will be building our knowledge of place value up to 50 as well as measuring length, height, weight and volume.

Science

In science this term we will be identifying various materials. We will be naming types of materials and describing their simple properties.

Geography

In geography we will learn about Antarctica. We will learn about maps and continents We will also explore how global warming is impacting Antarctica.

PSHE

In PSHE our topic this term is Health and Wellbeing. We will reinforce our understanding of being safe by knowing how to get help for example dialing 999.

Music

In music we will be exploring percussion instruments to demonstrate different tempos and beats.

Computing

In computing we will be learning how to create animated stories on purple mash whilst reinforcing our knowledge of online safety.

RE

In RE, we will continue to learn about various faith communities and what it means to belong.

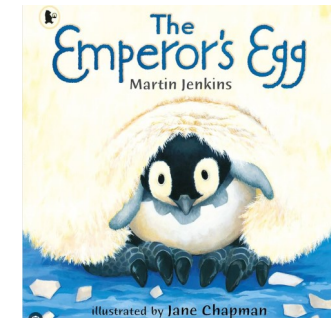

PE

In PE our topic is for the term is Dance. We will learn about types and genres of dance as well as how to control a balance or movement.

Art/DT

In art our topic is clay models. We will learn to shape clay into different forms and give models texture such as fur. We will be creating clay model penguins.

Core Text

Our book this term is a non-fiction book about Emperor penguins. This book is full of interesting facts about the breeding cycle of penguins. We will learn that the male Emperor penguin protects the egg and keeps it warm whilst the female eats as much as they can so they can feed the chick once they return home.
