

Year 6 — Term 2

English	Using our core text as our inspiration we will be writing a narrative that will showcase our writing skills.
Maths	We will be completing our learning in the four operations and then building on our understanding of fractions and decimals.
Science	We will be learning about evolution, inheritance and the work of Charles Darwin.
Geography	We will be researching what life is like in the Alps.
PSHE	We will be thinking about valuing differences.
Music	We will be learning and preparing songs for the Dunton Green carol service.
Computing	We will be exploring coding to design a playable game.
RE	We will continue to think about what matters most to Christians and Humanists.
PE	We will be practising our football skills and learning to mountain bike.
Art/DT	This term we will be thinking about healthy food choices and making koftas.
MFL	In Spanish we will continue to build our phonic knowledge and vocabulary to enable us to talk about school life.

**Core Text**

A thrilling adventure story of two children who escape from Tibet to India via the Himalayas.

We will be investigating vocabulary, making predictions, recalling events in the book and exploring the text structure.
